Heavy Truck & Trailer Wheel Kits

number 16

Buying Bearings has just become easier!

In addition to premium, performance driven tapered roller bearings for your heavy truck application, Timken is now also offering seals to suit most applications – packaged in one convenient easy-to-order kit.

Now available is a complete heavy truck wheel kit range that includes inner and outer Timken bearings and various seal brand options, all conveniently packaged in one easy to order kit.

Add up the advantages of these kits:-

- Genuine inner and outer bearings.
- Genuine seals for most applications.
- Optional seal brands.
- Durability and performance with genuine quality.
- One convenient box, one invoice, one supplier.

These advantages save you both time and money by reducing the need to search for individual parts, cross referencing, handling, invoicing and stocking.
